A little house in the midst of lush meadows where the red-crown cranes live

The endangered Japanese red-crowned cranes live near the small village of Tsurui Mura. Here, dairy farming flourishes and delicious natural cheese is made. In such a little village is a small house, Heart `n Tree, located on top of a hill. This is where you will be able to monopolize the beautiful sunrise, sunset and a star-filled night sky. They also own a cheese factory on-site where they make heart shaped cheese!

Locally sourced farm to table

All staying guests will be served at the on-site Heart `n Tree restaurant. Here the owner's wife is proud to serve homemade cooking with plenty of local vegetables, dairy products, and herbs. You can also savor freshly baked bread for breakfast.

Activities (Extra fee)

A few of the lessons include making handmade string cheese, herb salt and wreath making. There is a guided early morning tour of Otowa Bridge to see the Japanese red-crowned cranes and tour of popular picturesque spots in Tsurui village; also there are cheese factory and Ito sanctuary tours. You can take part in these activities, enjoy some leisurely reading time in the meadow, go cycling and or just stretch your legs a bit. There are many places in Tsurui area where you will be able to connect to nature and feel the magnificent Kushiro Wetland environment.
