Enjoy harvesting experiences for each season at the on-site farm and orchard

You can find a farm, orchards, crawfish pond, etc. on site and participate in harvesting activities and hands-on classes using herbs every season. A 2-minute walk from the hotel brings you to a natural hot spring facility, Kurhaus Iwataki.

Seasonal ingredients from the Tango area and herbs grown on the grounds are served

Dinner is served at the bright glass-walled southern European styled restaurant, Restaurant Fines herbea where you can feel a fresh breeze. Every morning, at a nearby fishing port, our experienced chef purchases fish caught at the Sea of Japan for the main meal. We serve herbs grown on our grounds and organic vegetables grown by local farmers. Our head chef with many years of experience uses a unique cooking method to maximize the flavor of each ingredient to make a light creative French cuisine.

Gently unravel the fatigue of travel

Each room have a different taste with different original picture books and potpourri made from homegrown herbs. The guest rooms are unified in calm colors and natural interiors, and there are also a wheelchair accessible room. There are rental bicycles and fishing boat tours you can rent.
